**DETAILED ACTION**

The amendment filed on 02 August 2005 has been entered and overcomes the objections to the claims.

***Allowable Subject Matter***

1. Claims 1-13 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding independent claim 1, the prior art of record neither shows nor suggest a method of forming a device including emitters comprising, in part, exposing a first face of a sheet of bundled fiber segments to a reactive liquid to allow first ends of the fiber segments to react with said reactive liquid to remove material therefrom; and exposing a second face of said sheet of bundled fiber segments to a reactive liquid to allow second ends of the fiber segments to react with said reactive liquid to remove material therefrom to expose a coating material, along with the rest of the limitations of the claim.

Due to their dependency, claims 2-13 are necessarily allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
